GENERAL INFORMATION AND CHECKLIST – DIALYSIS TECHNICIAN CREDENTIAL APPLICATION

This form/information is for your use only. It does not have to be returned to the Board Office.

Any person who wants to become employed as a Dialysis Technician (DT), must complete a Kentucky Board of Nursing (KBN) approved Dialysis Technician Training Program.* This person may use the title "Dialysis Technician Trainee" while he/she is enrolled in the training program.

Effective January 10, 2011, Dialysis Technician Applicants will no longer be able to work until they are issued either a Dialysis Technician Applicant "DTA" or Dialysis Technician Credential "DTC" from the Board. Once an individual has completed a KBN approved Dialysis Technician Training program, he/she should submit an "Application for DT Credential" immediately. The DT should also send a copy of his/her DT Training Program Completion Certificate as proof of completion of the DT Training Program, a criminal record check report from the Kentucky Administrative Office of the Courts, [CourtNet](#) Disposition System that is dated within six months of the date of application and a Federal Bureau of Investigation (FBI) Applicant Fingerprint Card must be submitted to the Kentucky State Police, Frankfort, KY.

All applicants are required to submit a Criminal Background Request Form ([CourtNet](#)) from the Administrative Office of the Courts ([AOC](#)). The FBI Fingerprint Card must be submitted to the Kentucky State Police, Frankfort, KY. .

To obtain a criminal history report, you can request one from the AOC website with payment by credit card at <http://courts.ky.gov/> and click on Obtain a Criminal History Report. If you apply online to the AOC, KBN will be able to retrieve the report from AOC faster.

Another way to obtain a criminal history report is to complete the Criminal Background Request Form ([CourtNet](#)) and submit it by mail as directed on the form. The [AOC](#) will send a copy of the results to the applicant, as well as mail a copy to KBN. This process may take several weeks.

To obtain the FBI Fingerprint Card, you may request one from the Board using the [Fingerprint Request Form](#) on the KBN website. If the agency doing your fingerprinting has fingerprint cards that do not have an ORI number, employer address, or reason for fingerprinting listed on the card, you may submit that card. If you decide to use another agency's fingerprinting card, make sure that the card number on the back is FD-258. You may also review the [Frequently Asked Questions for Fingerprint Card](#) on the KBN website.

A person who has submitted an initial "Application for DT Credential" with a copy of the DT Training Program Completion Certificate and a criminal record check report from the Kentucky Administrative Office of the Courts, [CourtNet](#) Disposition System that is dated within six months of the date of application, may not engage in dialysis care until the Board either issues the DTA, DTC or denies the application.

See below for additional information on the application process and scope of practice.

APPLICATION CHECKLIST:

Prior to mailing your completed "Application for DT Credential" to the Board office, please make sure the following items/information are included:

- Completed application with all applicable questions/sections answered.
- A copy of your DT Training Program Completion Certificate.
- [Criminal history report](#) must: (if you did not request AOC to submit to the Board electronically)
 - a. Be from the Kentucky Administrative Office of the Court
 - b. Have your SSN at the top of the page

- If applicable, a legal document showing your name change.
- If applicable, letter(s) of explanation and copy of court records, certified by the court.
- Check or money order made payable to the Kentucky Board of Nursing for seventy dollars (\$70) initial application or \$100 dollars (\$100) reinstatement fee. The check or money order must be signed and in the correct amount.
- Fingerprint Card with \$19.25 fee made payable to the Kentucky State Police. You must complete all the biographical data on the top of the card. You and the person taking the fingerprints must sign the card or it will be returned to you for completion. (Please allow 4-6 weeks for processing the fingerprint card from the FBI). Submit Fingerprint card and the \$19.25 processing fee directly to the Kentucky State Police, Records Branch, 1266 Louisville Rd, Frankfort, KY.

OTHER INFORMATION:

The credential will be issued for a two-year (24-month) period from the date it is originally issued. KBN will send an application form for renewal of the DT credential to each person at least 6 weeks prior to the expiration of the DT credential. Each DT must apply for renewal of his/her credential at least one (1) month prior to its expiration date. At the time of renewal, you will also have to submit evidence of obtaining certification from one of the nationally recognized certification programs. **(Note: It is the responsibility of each DT to maintain his/her current address on file with the Board office. A [DT Change of Address](#) form is available on the web.)**

TRAINING OUTSIDE THE STATE OF KENTUCKY:

*If you completed dialysis technician training outside of Kentucky, see Section 2, 201 KAR 20:470 and the application. All applicants shall submit an application and evidence of training to the Board and be issued a DTA or DTC before beginning employment.

APPLICATION OF REINSTATEMENT:

If you are applying for reinstatement, see Section 4 of 201 KAR 20:470 and the application. Your application for reinstatement, if you are not enrolled into the training program, must be processed before returning to work as a DT.

The scope of practice of the dialysis technician is listed in 201 KAR 20:470, Section 5, as follows:

Section 5. Scope of Practice.

- (1) The scope of practice of a dialysis technician shall include the following and shall be performed under the direct, on-site supervision of a registered nurse or a physician:
 - (a) Preparation and cannulation of peripheral access sites (arterial-venous fistulas and arterial-venous grafts);
 - (b) Initiating, delivering or discontinuing dialysis care;
 - (c) Administration of the following medications only:
 1. Heparin 1:1000 units or less concentration either to prime the pump, initiate treatment, or for administration throughout the treatment, in an amount prescribed by a physician, physician's assistant or advanced practice registered nurse. The dialysis technician shall not administer heparin in concentrations greater than 1:1000 units.
 2. Normal saline via the dialysis machine to correct dialysis-induced hypotension based on the facility's medical protocol. Amounts beyond that established in the facility's medical protocol shall not be administered without direction from a registered nurse or a physician.
 3. Intradermal lidocaine, in an amount prescribed by a physician, physician's assistant, or advanced practice registered nurse;
 - (d) Assistance to the registered nurse in data collection;
 - (e) Obtaining a blood specimen via a dialysis line or a peripheral access site;
