

- Maintain current national certification,
- Earn 5 hours in pharmacology.

If an APRN holds both a KY RN & APRN license and they are prescribing controlled substances, they need to:

- Maintain current national certification,
- Earn 3.5 hours in pharmacology, and
- Earn 1.5 hours on the use of KASPER, pain management, or addiction disorders.

All Advanced Practice Registered Nurses must complete 5 continuing education hours in pharmacology as part of the continuing competency requirement for renewal. **DO NOT** submit evidence of continuing competency earnings unless requested to do so.

Current national certification from a Board recognized national certification organization in addition to current APRN and RN licensure is required to practice as an APRN in Kentucky. If your national certification lapses for any period of time while your APRN license is current, you may not practice as an APRN during the period of lapsed certification. KBN does not give a grace period for lapsed national certification.

APRN POPULATION FOCI OF ONCOLOGY AND CRITICAL CARE

APRNs holding a current license with a population focus in oncology or critical care who fail to renew their APRN license in those foci will be unable to reinstate.

SANE RENEWAL

Before you will be able to renew your SANE credential, you must renew your RN license. When you have completed that process, proceed to the SANE link to renew your SANE credential. If you are a SANE and an APRN, renew your RN-APRN first (see above information) and then renew your SANE credential from the SANE link.

If your primary residence is in a compact state, you must provide the state name and the expiration date of the multistate RN license you hold before you will be able to renew your Kentucky SANE credential. You must keep your multistate RN license active in the state of your primary residence during the period of time that you practice as a SANE in Kentucky. If your multistate RN license lapses, you may not practice as a SANE in Kentucky,

even though your Kentucky SANE credential is current.

All Sexual Assault Nurse Examiners must complete 5 continuing education hours related to the role of the sexual assault nurse examiner as part of the continuing competency requirement for renewal. **DO NOT** submit evidence of continuing competency earnings unless requested to do so.

FAILURE TO RENEW

If you fail to renew by midnight, Eastern Time, October 31, or you fail to submit all requirements for renewal, you will be required to reinstate your license.

Before a license will be reinstated, KBN must receive:

- A reinstatement application and fee,
- Kentucky criminal history report (in all surnames you have ever used) from the Administrative Office of the Courts
- Federal background report from the FBI obtained via fingerprinting and
- Continuing Competency Requirements

ACTIVE DUTY MILITARY NURSES

KRS 36.450 and KRS 12.355 require KBN, upon request of an active duty military licensee and with the appropriate military documentation, to renew the license without the required renewal fee and continuing competency requirement.

The waiving of the renewal fee and continuing competency requirement does not restrict the license in any way. It is still considered full licensure.

Active duty military includes those nurses who are based state-side or deployed overseas.

Not included in these groups are individuals working for the Federal government, such as civilian VA nurses, public health nurses employed by the federal government, or National Guard nurses who are not on full, active duty.

KBN must receive one of the following before the license of active duty military nurses will be renewed:

- PCS Orders
- AF Form 899
- Mobilization Orders

You must complete the online renewal application in addition to providing copies of one of the above documents. Copies of the above may be faxed to 502-429-3336 or emailed to Ruby.King@ky.gov.

If you are a military nurse and are stationed state-side, you must renew your li-

cence during the renewal period and provide the documentation listed above. If you fail to provide the documentation and/or fail to submit the renewal application prior to October 31, you will have to meet all the requirements for reinstatement of a license(s).

If you are a military nurse and will be deployed overseas during the renewal period, you have two options:

1. Submit a copy to KBN of the official overseas deployment orders showing a return date to the United States. Your license will be renewed to reflect an expiration date through the renewal period that corresponds with your deployment orders. You are not required to submit a fee, and you are exempt from meeting the continuing competency requirement.
2. Do nothing until you are reassigned to the USA. You will have 90 days after your return to request the renewal of your license. You must submit a copy of the orders you receive for your reassignment to the United States. You will not be required to pay the renewal fee, and you will be exempt from meeting the continuing competency requirement.

Failure to Provide Current Certification

If KBN records reflect that an APRN's national certification has expired and the APRN fails to provide evidence of current certification/recertification, KBN will void the APRN license. When the license is voided, the APRN may not practice in the advanced practice role. This does not affect the RN license. An APRN whose license is voided for failure to provide evidence of current certification may reinstate the APRN license by meeting all of the requirements for reinstatement.

NATIONAL CERTIFICATION IN DUAL POPULATION FOCI

With the assistance of our Information Technology staff, KBN is now able to record the national certification information for those APRNs holding certification in two population foci. To practice in either or both areas, the national certification of each must be current. If the certification of both foci expires, the APRN license will be invalidated and the APRN must reinstate one or both foci. If the national certification of one population focus expires, the APRN may only practice in the focus area of the unexpired certification.

PRESCRIPTIVE AUTHORITY OF CONTROLLED SUBSTANCES

KBN now requires all APRNs holding a current CAPA-CS agreement to submit a copy of any and all DEA licenses held. If an APRN is prescribing controlled substances, they must have a Notification of a CAPA-CS on file with KBN, a KY DEA license, and a master KASPER account.

To determine if KBN has a copy of the Notification of a CAPA-CS or DEA license on file, you may go to the KBN web site and validate your license. If the Notification of a CAPA-CS has been received at KBN, the validation will note, "KBN has been notified that this APRN has entered into a Collaborative Agreement for Prescriptive Authority for Controlled Substances (CAPA-CS)." If this message does not appear and you have a current CAPA-CS agreement, you must provide a copy of the Notification of a CAPA-CS form to KBN. If the DEA license has been received at KBN, the validation will note, "DEA license on file."

A CAPA-CS may be rescinded by either the APRN or the physician. When a CAPA-CS is rescinded, KBN must be notified, using the "CAPA-CS Rescission" form located on the KBN web site.

For more information on the CAPA-CS requirements, go to <http://kbn.ky.gov/apply/Pages/APRN/aprn.aspx>.

AFFIRMATION OF KBN DOCUMENTS

Affirmation statements appear at the end of all KBN applications for licensure and other KBN forms. The attestation statement is a confirmation that the information provided is truthful and accurate.

Be sure to read the attestation carefully. The individual whose name is on the application or form is accountable for all information the document contains and for understanding the additional information contained within the attestation statement itself. Accountability extends not only for the purpose for filing the form, but may also be compared to information provided on other forms filed with KBN.

Allowing another party to complete and submit a KBN form does not relieve the nurse or applicant of the accountability for incorrect or inadequate information provided and may be the basis for disciplinary action for falsification of a Board of Nursing form.

Each individual nurse or applicant should complete all forms and applications submitted to KBN himself/herself.

CURRENT ADDRESS

Kentucky Nursing Laws require nurses to notify the Board of a change of address within thirty days of the change. Address changes made from the KBN web site update the Board's data base in real time. A change of address may also be mailed to the Board office. An address change form is located on the KBN web site.

ATTENTION SANE NURSES EVIDENCE COLLECTION KITS

Effective in 2014, SANE nurses should be aware that new evidence collection kits are being distributed. The new kits were designed with input from SANEs across the Commonwealth, and are designed to allow better evidence collection and better documentation of findings during the examination process.

502.413.8830 | sullivan.edu/mybsn

REGIONALLY ACCREDITED Sullivan University is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate, baccalaureate, master's and doctoral degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404.679.4500 for questions about the accreditation of Sullivan University. For more information about program successes in graduation rates, placement rates and occupations, please visit sullivan.edu/programsuccess.

Q: I was selected for the CE audit last year. I have friends that have been in nursing for many years but have never been selected. Why did I receive an audit letter and they did not?

A: Nurses receiving CE audit letters are chosen by random selection. The number of years one has been in nursing has nothing to do with the selection process.

Q: What will happen if I am audited, and I do not have the required contact hours?

A: You will be asked to earn the required hours and submit copies of the CE certificates to KBN along with a letter of explanation as to why these hours were earned late. Once this documentation is received and accepted by KBN, you will be allowed to enter into a Consent Decree with KBN and pay the required fine. If you refuse to earn the late hours and/or pay the fine, your records and audit response will be forwarded to the Investigation and Discipline Section of the Consumer Protection Branch for initiation of disciplinary action.

Q: What are the dates of the CE earning period for renewal of my nursing license?

A: Nurses are required to earn 14 contact hours or the equivalent within the yearly earning period of November 1st through October 31st. You may wish to view the CE brochure available on the KBN website (www.kbn.ky.gov) for additional earning information.

Q: My friend refers to the continuing education hours she earns as CEUs. I notice that you refer to them as contact hours. What is the difference in a CEU and a contact hour?

A: Contact hours refer to the stated amount of time an individual was present during a course. One contact hour is equal to 50 minutes of clock time. Continuing Education Unit (CEU) is the term used as the unit of measurement by colleges and universities to designate

10 contact hours. The terms contact hour and CEU cannot be used interchangeably. Kentucky and most nursing continuing education providers require offerings to be determined in contact hours.

Q: I am a relatively new graduate. I am required to renew my nursing license for the first time by October 31st, 2015. Since this is my first renewal am I exempt from earning CE hours for this renewal?

A: No, you are not exempt from earning CE hours for your first-time renewal. All nurses required to renew their licenses must also complete 14 approved CE contact hours or the equivalent within the earning period of Nov. 1st through Oct. 31st, 2015. There is no exemption for first-time renewal. All nurses renewing their license during the Sept. 15 through Oct. 31, 2015 renewal period.

Q: Is it true that I can use an employment evaluation for part of my CE hours?

A: Yes. A satisfactory employment evaluation or competency validation for your position as a nurse, that covers at least six months of the earning period, can be used for seven contact hours. You must earn the other seven hours. Other acceptable ways to earn your CE hours can be found online (www.kbn.ky.gov/ce) under "Licensure Renewal Requirements."

Q: Do college courses count as CE hours?

A: Academic courses in nursing and health care, or social or physical sciences will count toward your CE requirement. One semester credit hour equals 15 contact hours. One quarter credit hour equals 12 contact hours. These courses count as CE for the earning period in which the course was completed.

Q: I have attended a CE course that is not offered by an approved CE provider. How can I get credit for these hours?

A: You may wish to submit an "Individual Request for Review of CE Activities," (www.kbn.ky.gov/ce/) under "CE Forms and Publications," to KBN requesting contact hours for this course. There is a non-refundable charge of \$10 for the review. You can also request an application form by contacting the KBN office at 800-305-2042, ext. 7191. Once submitted, your application will be reviewed and, if approved, the appropriate number of contact hours will be awarded. Applications must be submitted no later than November 30th of the licensure year.

Q: Are CE hours earned on the internet acceptable for licensure in Kentucky? If so, how many of the required 14 hours can be earned on the internet?

A: Internet CE courses are acceptable if offered by an approved CE provider. All 14 hours or any combination of the hours may be from internet providers.

Q: I understand that I can use my national nursing certification for the required 14 contact hours of CE. Is this correct?

A: If you have a national nursing certification or recertification related to your practice role that is in effect the whole earning period or earned initially this period, it will count for the required 14 contact hours for Kentucky licensure. NOTE: In addition to the national nursing certification, APRNs are required to earn five approved contact hours in pharmacology each earning period. APRNs with a CAPA-CS are required to earn 1.5 approved CE contact hours on the use of KASPER, pain management, or addiction disorders.

These hours may count as part of the required pharmacology hours.

SANE-credentialed nurses must earn five contact hours of approved sexual assault CE.

Q: I am required to take a class in CPR where I work. Will this CPR class count toward my CE requirement?

A: No. CPR and BLS classes, as well as inservice education and nurse aide training, do not count as CE hours.

Q: Will ACLS and PALS courses count toward my CE requirement?

A: If an approved provider offers the ACLS or PALS courses, the hours earned will be accepted by KBN. See the list of national nursing organizations recognized by KBN for continuing education offerings on the KBN website (www.kbn.ky.gov).

Q: Can a nurse substitute CME credits for nursing contact hours?

A: CME credits do not automatically transfer to contact hours. If you wish to earn contact hours for a course that awarded CME credit, you will need to go to the KBN CE Web page (www.kbn.ky.gov/ce/) under "CE Forms and Publications," and submit an "Individual Request for Review of CE Activities." APRNs are allowed to use CME credits for pharmacology continuing education if the provider offering the course is recognized by their national certifying organization.

Q: I have earned more CE hours this earning period than I need. Can these hours be used for my next renewal?

A: No. CE hours cannot be carried over to the next earning period. All 14 hours must be earned within the specified earning period (November 1st - October 31st).

Q: I understand Kentucky nurses are now required to complete a CE course in pediatric abusive head trauma. Please give me information about this requirement.

A: All nurses licensed as of July 15, 2010 must earn 1.5 CE contact hours in pediatric abusive head trauma (shaken baby syndrome) by December 31, 2014. Nurses licensed after July 15, 2010 must complete this earning within 3 years of their initial licensure date. This one-time only requirement is included as part of the nursing curriculum for nurses graduating from a Kentucky Program of Nursing after December 2011.

Q: Where can I find a list of approved CE providers?

A: You can print a copy of the KBN approver provider list from the KBN website (www.kbn.ky.gov) under "CE Forms and Publications" or you may request a copy of the list by contacting the KBN office at 800-305-2042, ext. 7191. In addition, a list of National Nursing Organizations recognized by KBN for continuing education is also provided on the KBN website. If a provider approved by one of these organizations offers a course you wish to take, that course will be accepted by KBN for the same number of contact hours.

Q: Does KBN have a record of the CE hours I have earned?

A: No. KBN does not keep track of each nurse's CE hours – that responsibility falls on the individual nurse. It is the responsibility of the CE provider to

see that the nurse receives a certificate of completion, but the provider does not send a copy of the certificate to KBN. You are not required to submit CE certificates to KBN unless requested to do so through the CE audit. Nurses must retain records of their CE/competency for at least five years following a licensure period. HIV/AIDS CE records must be retained for 12 years.

Q: I understand there have been some changes in the HIV/AIDS CE requirements. How many HIV/AIDS contact hours must I earn, and what is the earning period?

A: Effective June 24, 2015, earning contact hours for HIV/AIDS content is no longer required.

Q: I am an Advanced Practice Registered Nurse (APRN) in Kentucky. Are there any specific CE requirements for my registration renewal?

A: APRNs are required to earn five contact hours of approved CE in pharmacology each licensure period.

The licensure earning period is November 1st through October 31st of the renewal year. In 2008, the regulation was amended to reflect that pharmacology CE hours can be earned from any provider that is recognized by your APRN accrediting body. It is the responsibility of the individual APRN to contact the certifying body for a complete and up-to-date list of recognized providers for their organization. APRNs with a CAPACS are required to earn 1.5 approved CE contact hours on the use of KASPER, pain management or addiction disorders. These hours may count as part of the required pharmacology hours.

Q: Are SANE-credentialed nurses required to earn specific CE hours in addition to the required 14 contact hours for RN renewal?

A: SANE-credentialed nurses are required to earn five approved contact hours of approved sexual assault CE (forensic medicine or domestic violence CE will meet this requirement). These hours count as part of the required 14 hours for RN renewal.

HIGHLIGHTS OF BOARD ACTIONS

August 28, 2015

OATH OF OFFICE

The Oath of Office was administered to newly appointed Board Members, Lucy McDowell and Lewis Perkins and reappointed Board Members, Michelle Dunn and Kelly Jenkins.

PRESIDENT'S REPORT

The appointments to National Council of State Boards of Nursing (NCSBN) committees were announced: Nathan Goldman was re-elected as a Director-At-Large. Paula Schenk, Chair of the Investigator Training Committee; Randy Smith, Finance Committee; Myra Goldman, NCLEX Item Review Subcommittee and Pam Hagan, APRN Education Committee.

Lewis Perkins has been appointed to the Kentucky Trauma Advisory Council as the KBN representative.

FINANCIAL OFFICER'S REPORT

The Reports of the Financial Officer for the fiscal year end 2015 and month end July 2015 were presented. The reports were accepted.

EXECUTIVE DIRECTOR'S REPORT

The written Report of the Executive Director was presented and included information on Administrative Staff; Workforce Data from Licensing Boards; Kentucky Center for Nursing Report; Kentucky Board of Pharmacy ePrescribing Committee; KY Cabinet for Health and Family Services State Innovation Model Design Project – Increased Access Workgroup; Committee/Council Fiscal Year 2014-2015 Annual Reports; upcoming national and state meetings; Strategic Plan Updates; Legal Matters; Administrative Regulation Information; License, Registration and Credential Statistical Reports; Investigation & Discipline Case Timeline; Investigation & Discipline Data as of August 15, 2015; Presentations and Conferences Report; approved Agreed Orders, Consent Decrees, and Removals from Probation. The report was accepted.

EDUCATION COMMITTEE

The July 28, 2015 Education Committee Meeting Report was presented. The Report was accepted and the following actions were taken:

- Denied the Faculty Waiver Petition submitted on July 14, 2015, by Barbara Lee, MSN, RN, BSN Chairperson, Lansing School of

Nursing and Health Sciences, Bellarmine University, Louisville.

- Approved the Faculty Waiver Petition submitted on July 15, 2015, by Mary Kishman, PhD, RN, Chair, Department of Nursing, Northern Kentucky University, Highland Heights.

APRN DEA REGISTRATION STATUS

APRNs should notify the Kentucky Board of Nursing of any change in the status of their DEA registration. This would include letting the DEA registration expire or practice address change due to a new position. According to 201 KAR 20:057 Section 6(4)(b) <http://www.lrc.state.ky.us/kar/201/020/057.htm>:

“Any change in the status of a DEA Controlled Substance Registration Certificate number shall be reported in writing to the board within thirty (30) days.” You should submit a letter, email, or fax to the APRN Licensure Coordinator, Curtwand.Lowther@ky.gov, 502-782-2752 (fax) or 502-429-3336 (fax), 312 Whittington Parkway, Suite 300, Louisville, KY 40222. For more information contact Pam Hagan, pamelac.hagan@ky.gov, 502-429-7181.

NEW ADMINISTRATIVE REGULATION ON APRN PRESCRIBING OF AMPHETAMINE-LIKE ANORECTIC CONTROLLED SUBSTANCES

Following a recommendation from the KBN Controlled Substances Formulary Development Committee (CSFD), the Board recently promulgated a new regulation providing guidance and restrictions for the APRN who prescribes amphetamine-like anorectic controlled substances.

201 KAR 20:063. Restrictions on use of amphetamine-like anorectic controlled substances.

<http://www.lrc.state.ky.us/kar/201/020/063reg.htm>

All APRNs should familiarize themselves with this regulation to ensure compliance with the standards for prescribing these medications. The regulation is similar to one promulgated last year by the Kentucky Board of Medical Licensure (KBML) for physician licensees.

For more information, contact Pam Hagan, pamelac.hagan@ky.gov, 502-429-7181.

YOUR OWN CUSTOMIZED HOSPITAL PATIENT GUIDE

No Cost To You.

Fiscal restraints and budget line item cancellations have hospitals cutting back in all areas. Here's help. Our Patient Guides are an excellent perceived patient benefit saving your hospital time and money while informing and educating patients about your facility and their care. Best of all, there's no effect on your bottom line, we produce them at absolutely no cost to you.

- Your full-color, glossy, Patient Guide is completely customized for your hospital.
- You also get an easy-to-use ePub version to send to patients with email-also at no cost.
- Inform and educate your patients quickly and efficiently. Your professional staff can now spend less time answering routine questions.

Your hospital needs one and you can get it free.

For complete, no obligation, information on how we can provide your Hospital Patient Guide, call or email today.

DISCIPLINARY Actions

Since the publication of the Summer 2015 edition of the KBN Connection, the Board has taken the following actions related to disciplinary matters as authorized by the Kentucky Nursing Laws. A report that contains a more extensive list of disciplinary actions is available on the KBN website (<http://kbn.ky.gov/investdiscp/Pages/disciplinary.aspx>) If you need additional information, contact KBN's Consumer Protection Branch at 502-429-3300.

Copies of Individual Nurse's Disciplinary Orders Can Be Viewed/Obtained at the website NURSYS.com

NURSE LICENSE DEFENSE

Put our experience to work for you

We represent nurses in all types of KBN matters. However, the most common and critical time to seek help is when a nurse receives a Notice of Complaint letter, which begins an investigation. Proactive and effective representation from the beginning of an investigation by attorneys with extensive experience before the KBN can make the difference in avoiding discipline or litigation.

We have that experience. Call for a free consultation.
