## The Prescriber Report, aka “Reverse KASPER”

Have you ever:

- Received a call from a pharmacist regarding what appears to be a bogus prescription written using your DEA Number?
- Fired a staff member for calling in prescriptions without your authorization?
- Had prescription pads stolen from your office and not realized it for several weeks?

If you have, you are not alone! The good news is KASPER and the Drug Enforcement and Professional Practices Branch (DEBBP) can help. Prescribers can log in to eKASPER and run a prescriber report (reverse KASPER) on the DEA Number used to establish their eKASPER account.

### Why should I request my prescribing report?

There are many reasons why prescribers are encouraged to obtain their prescribing report. This report helps you ensure that your patients' prescriptions are showing up under your DEA Number and are not attributed to another provider, and that other providers' prescriptions are not showing up under your DEA Number. A review of your prescribing report is often the only way to identify fraudulent controlled substance prescriptions being filled under your DEA Number.

### When should I request my prescribing report?

Recently, DEPPB investigators have received several calls from prescribers regarding fraudulent activ-

ity. The DEPPB recommends obtaining a prescribing report several times each year to verify the accuracy of the data. Additionally, we recommend you check your report for fraudulent activity shortly after any staff change in your office.

### How can I request my prescribing report?

1. Log onto your eKASPER account, just like you would when you request a KASPER report on a patient.
2. Select the “Administration” tab on the left hand side of the screen.
3. Select the “Account Maintenance” tab on the left hand side of the screen. Here you will see all of your account information, including name, phone number, and delegates.
4. Below that information, you will see a section called “Prescribing Report Request.” Here you can select any 30 day date range you wish (plans to increase this date range are in the works).
5. Select “View Report.” Be patient, as this may take a few minutes.

### What happens if I do find errors on the prescribing report?

Contacting the dispenser (pharmacy) is always the first step when a possible error is discovered on any KASPER report, as this is where the data originated. If you and the dispenser determine the dispenser reported data in error, the dispenser is required to submit corrected data to the KASPER database within seven days. If you identify any fraudulent activity, you are advised to contact law enforcement. If you are not sure which law enforcement organization to contact, please call the DEPPB for assistance.

Remember DEPPB staff are available to help with any questions or problems you may encounter. For support please contact DEPPB at (502) 564-7985.

# CONTINUING COMPETENCY: *CE Requirements and Explanations*

by **Mary Stewart**, Continuing Competency Program Coordinator

## HIV/AIDS CE

All nurses are required to earn at least 2 approved contact hours of HIV/AIDS continuing education at least once every ten years.

The HIV/AIDS continuing education hours count toward the required CE in the year they were earned.

A list of national nursing organizations recognized by KBN for continuing education can be found on the KBN website ([www.kbn.ky.gov/ce/natlorgs.htm](http://www.kbn.ky.gov/ce/natlorgs.htm)).

Documentation of meeting this requirement must be retained for at least 12 years. It is important that these documents are retained for the CE Audit. Nurses are not required to submit CE certificates to KBN unless requested to do so through the CE audit.

## DOMESTIC VIOLENCE CE

Nurses seeking reinstatement, licensure by endorsement from another state, and examination candidates educated outside of Kentucky must earn three contact hours of KBN approved domestic violence CE within three years of licensure into Kentucky. This course was included in the curriculum for graduates of Kentucky Programs of Nursing as of May 1998. This is a one-time only requirement. Nurses need only submit proof of earning these hours if requested to do so through the CE audit.

## PEDIATRIC ABUSIVE HEAD TRAUMA (“SHAKEN BABY SYNDROME”) CE

In 2010, the General Assembly passed House Bill 285, sponsored by Rep. Addia Wuchner. This bill requires various groups to complete a course in Pediatric Abusive Head Trauma, also known as “Shaken Baby Syndrome.” Those groups include law enforcement students, Kentucky schools, child

protection staff, inmates, foster parents, child care center employees and owners, family child care providers, the HANDS program, urgent care facilities employees, physician assistants, EMTs, first responders, paramedics, social workers, and nurses.

The requirement for nurses is a one-time continuing education course of at least 1.5 hours covering the recognition and prevention of pediatric abusive head trauma as defined by the Act. Nurses licensed as of July 15, 2010 have until December 31, 2013 to complete the course. Nurses licensed after that date have three years from the date of licensure to complete the course. The course can be offered by any approved CE provider. Nurses will only need to submit proof of completion of the requirement should they be audited.

## EARNING PERIODS FOR ALL NURSES

Nurses are required to renew their license on a yearly basis. The CE/competency earning period is the same as the licensure period, i.e., November 1 through October 31.

KBN audits a randomly selected pool of nurses. If audited, failure to provide documentation of having earned the required CE/competency will subject the licensee to disciplinary action in accordance with the Kentucky Nursing Laws.

## CE Information Concerning Annual Renewal

According to Kentucky Board of Nursing Administrative Regulation 201 KAR 20:215, validation of CE/competency must include one of the following:

1. Proof of earning 14 approved contact hours; OR
2. A national certification or re-certification related to the nurse's practice role (in effect during the whole period or initially earned during the period); OR
3. Completion of a nursing research project as principal investigator, co-investigator, or project director. Must be qualitative or quantitative in nature, utilize research methodology, and include a summary of the findings; OR
4. Publication of a nursing related article; OR
5. A professional nursing education presentation that is developed by the presenter, presented to nurses or other health professionals, and evidenced by a program brochure, course syllabi, or a letter from the offering provider identifying the licensee's participation as the presenter of the offering; OR
6. Participation as a preceptor for at least one nursing student or new employee undergoing orientation (must be for at least 120 hours, have a one-to-one relationship with student or employee, may precept more than one student during the 120 hours, and preceptorship shall be evidenced by written documentation from the educational institution or preceptor's supervisor); OR
7. Proof of earning seven approved contact hours, PLUS a nursing employment evaluation that is satisfactory for continued employment (must be signed by supervisor with the name, address, and phone number of the employer included), and cover at least six months of the earning period.
8. Certain college credit courses may be used to meet the CE requirements. Nursing courses, designated by a nursing course number, and courses

in physical and social sciences such as Psychology, Biology, and Sociology will count toward CE hours. One semester credit hour equals 15 contact hours; one quarter credit hour equals 12 contact hours.

Note: Prelicensure general education courses, either electives or designated to meet degree requirements, are NOT acceptable, nor are CPR/BLS, in-service education, nor nurse aide training. ACLS or PALS courses ARE

acceptable for CE hours if given by an approved provider.

## Advanced Practice Registered Nurse CE Requirements

Advanced Practice Registered Nurses (APRNs) must earn five contact hours in pharmacology each renewal period. APRNs with a CAPA-CS are required to earn 1.5 approved CE contact hours on the use of KASPER, pain management, or addiction disorders. These hours may count as part of the required pharmacology hours.

## Sexual Assault Nurse Examiner CE Requirements

Sexual Assault Nurse Examiners (SANE) credentialed nurses must earn five contact hours of approved sexual assault CE each renewal period.

Forensic medicine or domestic violence CE will meet this requirement.

## Individual Review of Offerings Presented by Organizations not Recognized by the Board

Contact the KBN office or visit the KBN website (<http://kbn.ky.gov/ce/ceformspubs.htm>) to obtain an Individual Request for Review of CE Activities application; complete and return to the Board office with requested materials and application fee of \$10. Within about six weeks of receipt of the submitted materials, KBN will notify the individual of the review outcome, i.e. approval or rejection. A notification of CE/competency approval should be retained for a minimum of five years. Individual review is not required if an offering is approved for continuing

education by an organization recognized by the Board (refer to <http://kbn.ky.gov/ce/natlorgs.htm>).

Note: Individual review applications must be submitted to the Board by November 30 of the licensure year.

## CE EXEMPTION ELIMINATED IN 2012

The CE exemption for new licensees at the time of their first renewal was eliminated in 2012. First time renewing nurses are subject to the same CE requirements as all other KY nurses – 14 contact hours; however, proof of a job orientation can be used to meet 7 of those required contact hours. For more information, contact Mary Stewart, CE Coordinator (502-429-7191 or [MaryD.Stewart@ky.gov](mailto:MaryD.Stewart@ky.gov)).

- Accepted the November 6, 2013 Site Visit Report of the ITT Technical Institute, Breckenridge School of Nursing, Associate Degree Program of Nursing, Lexington.
- Approved that the status of the

Associate Degree Program of Nursing, ITT-Technical Institute, Lexington, be changed from Developmental to Initial Approval Status as the program is enrolling the first class of students. The approval status of the program is subject to change should the program not adhere to 201 KAR 20:260 through 201 KAR 20:360.

- Directed the program administrator to notify the Board Education Consultant within thirty days of the graduation of the first class.
- Directed that failure by the program to submit Board required reports within the established time period may result in the rescinding of Initial Approval status. 201 KAR 20:360 Section 1(2) states "...During the period of initial approval, reports documenting implementation of the proposal shall be submitted on a quarterly basis."

Lindsey Wilson College, BSN Degree Program, Columbia

- Accepted the November 25 & 26, 2013 Site Visit Report of the Baccalaureate Degree Nursing program of Lindsey Wilson College, Columbia.
- Approved that the status of the Baccalaureate Degree Nursing program of Lindsey Wilson College, Columbia, be moved from Initial to Full Approval status. The approval status of the program is subject to change should the program not adhere to established reporting deadlines or there is evidence that the program has not adhered to 201 Kentucky Administrative Regulations 20:260-360 to the satisfaction of the Board.

# NURSING DEGREES

**AS A REGISTERED NURSE, YOU UNDERSTAND THE IMPORTANCE OF EDUCATION.**

Your skills and knowledge are put to use on every shift. You also understand earning your Bachelor of Science in Nursing or Master's degree will make you an even better nurse.

A degree from Indiana Wesleyan University says you value the education, not just the degree. It says you want to treat the whole person, not just the patient. And it says you want to make a difference in your life and the lives of others.
