KENTUCKY BOARD OF NURSING

MISSION
The Kentucky Board of Nursing protects public health and welfare by development and enforcement of state laws governing the safe practice of nursing.

CORE VALUES
In order to protect the public, we are committed to:

- **Distinction**: Excellence and quality by delivering consistent, effective, and efficient services.
- **Integrity**: Honesty, fairness, and objectivity in the development and enforcement of laws and regulations.
- **Responsiveness**: Taking initiative, communicating openly, and demonstrating care and concern in all endeavors.
- **Collaboration**: Working in a cooperative spirit while maintaining respect for all individuals.

VISION
We aspire to:

- **Deliver**: Benchmark quality services in healthcare regulation.
- **Meet**: The challenges of a dynamic and ever-changing healthcare environment.
- **Have**: An organizational environment that fosters creativity, innovation, and outstanding leadership.
- **Have**: A committed and appropriately compensated Board/staff who have exceptional knowledge and skills.
- **Achieve**: Integration of regulatory efforts affecting the health of the public.
- **Have**: State-of-the-art technology that promotes effectiveness and efficiency.

GOAL 1: Sound defensible, regulatory practices that protect the public.
- Create opportunities for interagency policy development and collaboration.
- Continue enhancements for the disciplinary action processes.
- Continue enhancements for the alternative to disciplinary action processes.
- Increase public awareness and understanding of the role and purpose of the Board of Nursing.
- Increase the public's participation in regulatory decision making.
- Continue to plan and evaluate the nursing education requirements, practice issues, and competency determination.
- Regulate nurses and persons who provide nursing related acts.

GOAL 2: Efficient delivery of services that meet the needs of consumers and regulated entities.
- Maintain an organizational structure that promotes effective utilization of agency resources.
- Enhance communications.
- Continue to implement workflow redesign for selected agency services.
- Monitor mutual recognition initiatives.
- Continue electronic enhancements to licensure and credentialing processes.

GOAL 3: Optimal use of technology that supports agency services.
- Plan for implementation of the agency Information Resources Plan.
- Improve utilization of communications technology.
- Explore new technologies to enhance agency functions.

GOAL 4: An organizational culture that promotes job satisfaction and career development.
- Increase staff involvement in agency planning and policy implementation.
- Enhance orientation and development programs for the members of the Board, committees, and councils.
- Enhance means to increase service recognition of volunteers, Board and staff members.
- Monitor and maintain appropriate compensation for employees and Board members.
- Increase understanding of job functions throughout the agency.
BOARD ACTIVITIES

All meetings of the Board and its committees and councils were held in open session as required by the open meetings law. The commitment of the members of KBN and the dedication of its staff continued in unabated fashion. Appreciation for this service by KBN staff and members was expressed through the recognition programs of the agency and executive branch of state government.

HIGHLIGHTS OF BOARD ACTIVITIES

This Annual Report provides a synopsis of the various activities conducted by the agency to fulfill its charge to regulate the practice of nursing in order to protect and safeguard the health and safety of the citizens of the Commonwealth of Kentucky [Reference: KRS 314.021(1)]. Highlights of this years’ activities are listed below:

◆ Accepted the letter from Sharon Weisenbeck, Executive Director, giving notice of retirement effective August 2005.

◆ Directed that the position of executive director of the Kentucky Board of Nursing be offered to Dr. Charlotte Beason and that the KBN president be authorized to negotiate such terms and conditions of employment as are consistent with state personnel law.

◆ Approved the application from Campbellsville University, Campbellsville, to establish an associate degree program of nursing.

◆ Accepted the application from Henderson Community College, Henderson, to establish a practical nursing program.

◆ Directed that the National Council of State Boards of Nursing (NCSBN) be notified of willingness to participate in a survey of Kentucky new nurses that do not participate in a transition program prior to 2006, at which time the clinical internship will become a requirement prior to taking the licensure examination. The NCSBN Practice and Education Committee intends to study the outcomes of programs that transition new nurses to practice. A comparison of the results with new nurses who have not been in transition programs will be done with those who participated in a transition program.

◆ Adopted, in principle, the “Nurse Licensure Compact Plan for Kentucky” dated October 21, 2004, and directed the staff to provide bi-monthly reports to the Board concerning progress towards implementation of the plan.

◆ Directed that a response be sent to the letter dated October 4, 2004, from Bart Baldwin of the Children’s Alliance. This letter to state that Board staff will review for possible approval, a medicine administration course to be used in Psychiatric Residential Treatment Facilities submitted by the Children’s Alliance pursuant to Kentucky Administrative Regulation 902 KAR 20:320.

◆ Directed staff to contact the Cabinet for Health and Family Services about the possibility of amending Kentucky Administrative Regulation 902 KAR 20:320 to clarify section 12(5)(a) concerning approval of medicine administration courses.

◆ Directed General Counsel to draft a proposed administrative regulation to set standards for courses for unlicensed administrative personnel to administer medication.

◆ Ratified the annual licensure renewal fee of $40 in 201 KAR 20:240, Fees for applications and for services.

◆ Granted Northern Kentucky University Baccalaureate Nursing Program full approval status.

◆ Directed that 201 KAR 20:480 be amended to delete Section 2(4) to no longer recognize the Canadian nurse licensure examinations to meet licensure requirements in Kentucky.

◆ Repealed the Guideline for Staff Evaluation of High School Equivalency for Licensure Applicants.

◆ Approved the Nurse Licensure Compact language and the proposed revisions to KRS Chapter 314 for action by the 2006 Kentucky General Assembly.

◆ Directed the implementation of a form letter to be sent, with staff modifications, to evaluators regarding mental health/chemical dependency evaluations requirements.

◆ Directed the funding of 64 continuation applicants ($180,000), 80 new applicants through the 65-point range ($235,500) and 44 new applicants through the 60-point range to include preference categories of LPN to RN and RN in graduate programs that graduated in fiscal year 2006 ($130,500) for a total of 124 new applicants. Total funding for scholarships in 2005-2006 was $546,000.

◆ Directed the Kentucky Board of Nursing Delegates to vote in favor of supporting the draft resolution language going forward at the NCSBN Delegate Assembly with regard to the NCSBN conducting a job analysis and feasibility study for administering a competency examination for medication assistive personnel.

Financial Operations

The Kentucky Board of Nursing (KBN) is a fee supported agency. No general revenue tax dollars are expended by the agency. The revenue balance for FY 05-06 was $7,409,451 with expenditures totaling $4,375,551. Funds from the balance are carried forward each year to meet the upcoming fiscal year budget needs. Revenue for FY 05-06 included income from the annual renewal of LPN licenses. Annual renewal for both RNs and LPNs began in 2006. KBN moved from a biennial to an annual renewal period for licensees in an effort to maintain a more consistent and even generation of revenue. The ratio of 3.5:1, RN to LPN results in a disproportional yearly revenue generation in a biennial renewal period.

Various KBN publications and informational material were offered for a nominal fee that covered duplicating costs. Some of the publications available for purchase were the KBN History, *Kentucky Nursing Laws*, and KBN administrative regulations. Many brochures were available at no charge, including Continuing Education, SANE Program, KARE for Nurses Program, Disciplinary Process and Procedures for Nursing Licensure, Assuring Safe Nursing Care in Kentucky, Criminal Convictions, and Nursing Workforce Competency Development Grants. Four editions of the agency newsletter, the *KBN Connection*, were published. The KBN website continued to offer a multitude of information and services.

CONTINUING EDUCATION/COMPETENCY

As a mechanism to promote continuing competency, the Kentucky Nursing Laws (KRS 314.073) mandate that licensees shall be required to document continuing competency during the immediate past licensure period as prescribed in regulations promulgated by the Board. KBN is the Commonwealth agency legally authorized to approve providers of mandatory CE. During FY 05-06, according to KBN Administrative Regulation 201 KAR 20:215, validation of CE/competency must have included one of the following:

1. Proof of having earned 14 approved contact hours; OR
2. A national certification or recertification related to the nurse's practice role (in effect during the whole period or initially earned during the period); OR
3. Completion of a nursing research project as principal investigator, coinvestigator, or project director. Must have been qualitative or quantitative in nature, utilized research methodology, and included a summary of the findings; OR
4. Publication of a nursing related article; OR
5. A professional nursing education presentation that was developed by the presenter, presented to nurses or other health professionals, and evidenced by a program brochure, course syllabi, or a letter from the offering provider identifying the licensee's participation as the presenter of the offering; OR
6. Participation as a preceptor for at least one nursing student or new employee undergoing orientation (must have been for at least 120 hours, have had a one-to-one relationship with student or employee, may have precepted more than one student during the 120 hours, and preceptorship shall have been evidenced by written documentation from the educational institution or preceptor's supervisor); OR
7. Proof of having earned 7 approved contact hours, PLUS a nursing employment evaluation that was satisfactory for continued employment (must have been signed by supervisor with the name, address, and phone number of the employer included), and covered at least 6 months of the earning period.
8. College courses, designated by a nursing course number, and courses in physical and social sciences counted toward CE hours. One semester credit hour equaled 15 contact hours; one quarter credit hour equaled 12 contact hours.

Domestic Violence CE Requirement: There was a requirement to earn 3 contact hours of approved domestic violence CE within 3 years of initial licensure (one-time only). This requirement was included as part of the curriculum for nurses graduating from a Kentucky nursing program on or after 5/1998. This requirement applied to licensure by examination, as well as licensure by endorsement from another state.

Pharmacology and Sexual Assault CE Requirements: ARNPs were required to earn 5 contact hours of approved CE in pharmacology. Sexual Assault Nurse Examiners (SANE) credentialed nurses must have earned 5 contact hours of approved sexual assault CE (forensic medicine or domestic violence CE met this requirement). These hours counted as part of the CE requirement for the period in which they were earned.

HIV/AIDS CE Requirement: The 2 hours of mandatory HIV/AIDS CE could be earned within the appropriate earning period. The LPN earning period began 11/1/2001 and goes through 10/31/2011, while the RN period began 11/1/2002 and goes through 10/31/2012. Nurses must maintain proof of earning the required CE for up to 12 years.

Requirement for New Licensees: All licensees were exempt from the CE/competency requirement for the first renewal period of the Kentucky license issued by examination or endorsement. If an individual did not renew the original license, the exemption for the CE/competency was lost and all CE requirements must have been met before the license could be reinstated.

Academic (College Credit Courses) Used to Meet CE Requirements: Certain college credit courses could have been used to meet CE requirements. Nursing courses, designated by a nursing course number, and courses in physical and social sciences, such as Psychology, Biology, and Sociology, counted toward CE hours. Prelicensure general education courses, either electives or designated to meet degree requirements, were not acceptable, as well as CPR/BLS, in-service education, or nurse aide training. ACLS or PALS courses were acceptable if they were given by an approved provider. If a college course did not fall within these designated categories, and a nurse felt the course was applicable to his/her nursing practice, the nurse could apply for Individual Review using an application supplied by KBN. There was a fee for this service and the application must have been submitted to KBN by 11/30 of the licensure year.

Post-Renewal Audit Process: The audit process was used to verify CE/competency earning. The random audit required that those persons selected show documented evidence (certificate of attendance, transcript, grade report, employment evaluation, competency validation, etc.) of approved CE/competency earning during the applicable licensure period. Of those licensees randomly selected for the recent LPN audit process, 94% demonstrated compliance with the CE requirements. Those not complying were referred for disciplinary action.

The Kentucky Nursing Laws provide that KBN may “deny, limit, revoke, probate or suspend any license to practice nursing issued by the Board or applied for or to otherwise discipline a licensee or to deny admission to the licensure examination, or to require evidence of evaluation and therapy...”

KBN continues its efforts to make the public aware of the investigatory and disciplinary procedures and to emphasize the legal requirement to, and importance of, reporting nurses who are suspected of engaging in unsafe or illegal practices.

NURSING PRACTICE

KBN interprets the legal scope of nursing practice according to the Kentucky Nursing Laws and KBN administrative regulations in the determination of safe and effective nursing care for the citizens of the Commonwealth. In response to inquiries requesting interpretation of the legal scope of nursing practice, KBN has published formal advisory opinion statements as guidelines for safe practice (see the list below), as well as issuing other opinions on nursing practice matters.

During FY 05-06, KBN issued nursing practice advisory opinions addressing: Role of RN in assigning Medicare patient hospital admission status; role of LPN in initial nursing assessment of patients in a wound and hyperbaric outpatient setting; role of nurses in businesses offering complementary/alternative or holistic practices; delegation of spiking IV fluids to unlicensed assistive personnel; role of LPN in IV therapy practice (CAD pump and PCA bolus); administration of Fentanyl PCA to intrapartum patients; withdrawing cerebral spinal fluid samples via lumbar drain; use of standing orders/protocols for administration, prescribing, and dispensing of medications to students in a college setting; role of LPN in assisting with placement of Percutaneous Endoscopic Gastrostomy (PEG) tube; administration of Cytotec (Misoprostol tablets) to induce labor; LPN IV therapy scope of practice (titration); performance of aspiration biopsy of chronic wounds; low level laser therapy to eliminate smoking addictions; role of PN in training unlicensed school personnel to perform delegated acts; administration of versed (Midazolam) via an intranasal route in school settings; wound care treatment by RNs using the Anodyne® therapy professional system 480; use of cosmetic lasers by nurses; degree of supervision needed by nurses who perform cosmetic laser treatments; ARNP scope of practice (laser technology); and role of women’s health ARNP role in male urology care.

The Nursing Incentive Scholarship Fund (NISF) provides scholarships to Kentucky residents for attending approved prelicensure nursing programs (registered nurse or practical nurse) or graduate nursing programs. Scholarship recipients must work as nurses in Kentucky for one year for each academic year funded. To be eligible for consideration, an applicant must have been admitted to a nursing program. Applications for scholarships are accepted from January 1 to June 1. The amount of each scholarship is $3,000 per year, or $1,500 per semester. If a recipient does not complete the nursing program within the time frame specified by the program, or if the recipient does not complete the required employment, then the recipient is required to repay any NISF monies awarded, plus accrued interest.

The Nursing Incentive Scholarship Grant Review Committee was created to accept grant proposals for workforce competency development, which is defined as organized, structured or formal activity designed to improve the ability of nurses to meet the health care needs of the citizens of Kentucky. The nursing workforce is defined as actual and/or potential licensed nursing population. The Board directed that no consideration be given to any workforce development grant proposals until there is resolution of the current Kentucky budget issues.

The Kentucky Board of Nursing is the legally authorized body in the Commonwealth to approve programs of nursing preparing persons for eligibility for licensure as nurses. Through the provisions of the Kentucky Nursing Laws and applicable Kentucky administrative regulations, the Board prescribes standards for educational institutions offering programs preparing candidates for licensure as nurses. As of June 30, 2006, there were a total of 12 baccalaureate nursing (BSN) programs, 30 associate degree (ADN) programs, and 25 practical nursing (PN) programs approved by KBN.

**FY 2005-2006 SUMMARY**

- National Pass Rate Average: 86%
- Kentucky Pass Rate Average: 90%
- Passing: BSN 594, ADN 1,343, PN 1,550
- Testing: BSN 664, ADN 1,522, PN 715
- Graduates: BSN 649, ADN 715, PN 800
The option for inactive status ended for LPNs with the 2005 LPN renewal and for RNs with the 2006 renewal. Annual mandatory online renewal for all nurses began with the 2006 renewal period.

The verification count includes a combination of RNs and LPNs, consequently, verifications are no longer included on the PN chart shown below.
