KENTUCKY BOARD OF NURSING

MISSION . . .

The Kentucky Board of Nursing protects public health and welfare by development and enforcement of state laws governing the safe practice of nursing.

CORE VALUES . . .

Excellence

We are committed to quality and consistency in delivering effective and efficient services.

Integrity

We are committed to honesty, fairness, and objectivity in the development and enforcement of laws and regulations.

Responsiveness

We are committed to taking initiative, communicating openly, and demonstrating care and concern in all endeavors.

Collaboration

We are committed to working in a cooperative spirit and promoting teamwork while maintaining respect for individuals.

VISION . . .

We aspire to:

Deliver benchmark quality services in healthcare regulation.

Meet the challenges of a dynamic and ever-changing healthcare environment.

Have an organizational environment that fosters creativity, innovation, and outstanding leadership.

Have a committed and appropriately compensated board and staff who have exceptional knowledge and skills.

Achieve integration of regulatory efforts in the public sector.

Have state-of-the-art technology that promotes effectiveness and efficiency.

Goal 1: *Sound defensible, regulatory practices that protect the public.*

- Create opportunities for interagency policy development and collaboration.
- Develop a plan to enhance disciplinary action processes.
- Conduct a comprehensive analysis of KRS Chapter 314 and attendant administrative regulations.
- Increase public awareness and understanding of the role and purpose of the Board of Nursing.
- Develop a plan for addressing nursing education and competency issues.
- Increase the public's participation in regulatory decision making.
- Develop a plan for implementation of domestic violence training requirement (HB 309).
- Implement prescriptive authority for advanced registered nurse practitioners.
- Establish a Sexual Assault Nurse Examiner credentialing program.

Goal 3: *Optimal use of technology that supports agency services.*

- Continue implementation of the agency Information Resources Plan, 1996-98.
- Develop the agency Information Resources Plan for 1998-2002 and beyond.
- Improve utilization of communications technology.
- Increase staff competency in utilizing agency technology.
- Explore use of teleconferencing to accomplish agency functions.

Goal 2: *Efficient delivery of services that meets the needs of consumers and regulated entities.*

- Develop organizational structure that promotes effective utilization of agency human and fiscal resources.
- Enhance mechanisms for internal communications.
- Develop a plan to enhance communication with consumers and regulated entities.
- Implement workflow redesign for selected agency services.
- Study the feasibility of implementing an electronic licensure system.
- Expand Nursing Incentive Scholarship Fund for Kentucky residents (HB 363).
- Evaluate hearing officer services.
- Establish educational program concerning Board functions and activities for nursing service administrators.
- Negotiate lease for office space for 1997-2002.
- Implement administrative law changes (HB 363).
- Develop contract for establishment of a Peer Assistance Program for Nurses.

Goal 4: *An organizational culture that promotes job satisfaction and career development.*

- Increase staff involvement in agency planning and policy implementation.
- Enhance orientation and development programs for members of the board, committees, and councils.
- Implement process for creating individual staff development plans.
- Develop a tuition assistance plan within state employee guidelines, and budget accordingly.
- Develop a plan to increase service recognition of volunteers and Board and staff members.
- Monitor and maintain appropriate compensation for employees and Board members.
- Develop a plan to increase understanding of job functions throughout the agency.

It is the philosophy of the Kentucky Board of Nursing that the regulation of the practice of nursing shall achieve public protection by ensuring the competency of licensees who provide nursing care. To that end, the regulation of nursing should be responsive to the changing health application of knowledge, skills, and behavior to meet those needs and priorities. As public protection is the essential role of the Board, the public should have a voice in the action taken to promote its protection.

Licensure establishes an essential level of competency, and indicates that nurses have a common core of knowledge. As such, the purpose of licensure is to set standards for practice and education of individuals in order to protect the public from dishonest and incompetent practitioners. These standards are established in the *Kentucky Nursing Laws* (Kentucky Revised Statutes Chapter 314) and its attendant administrative regulations. Nursing practice and behavior inconsistent with these standards should lead to disciplinary action.

Critical elements of the regulation of nursing practice include a coherent, generally acceptable definition of nursing, as well as definitions of professional scope and accountability. These definitions should make explicit that the nurse is responsible and accountable for the practice of nursing according to individual preparation and experience, with nursing auxiliaries assisting under prescribed conditions. Further, the licensed nurse is responsible and accountable for continued professional learning throughout her/his career continuum.

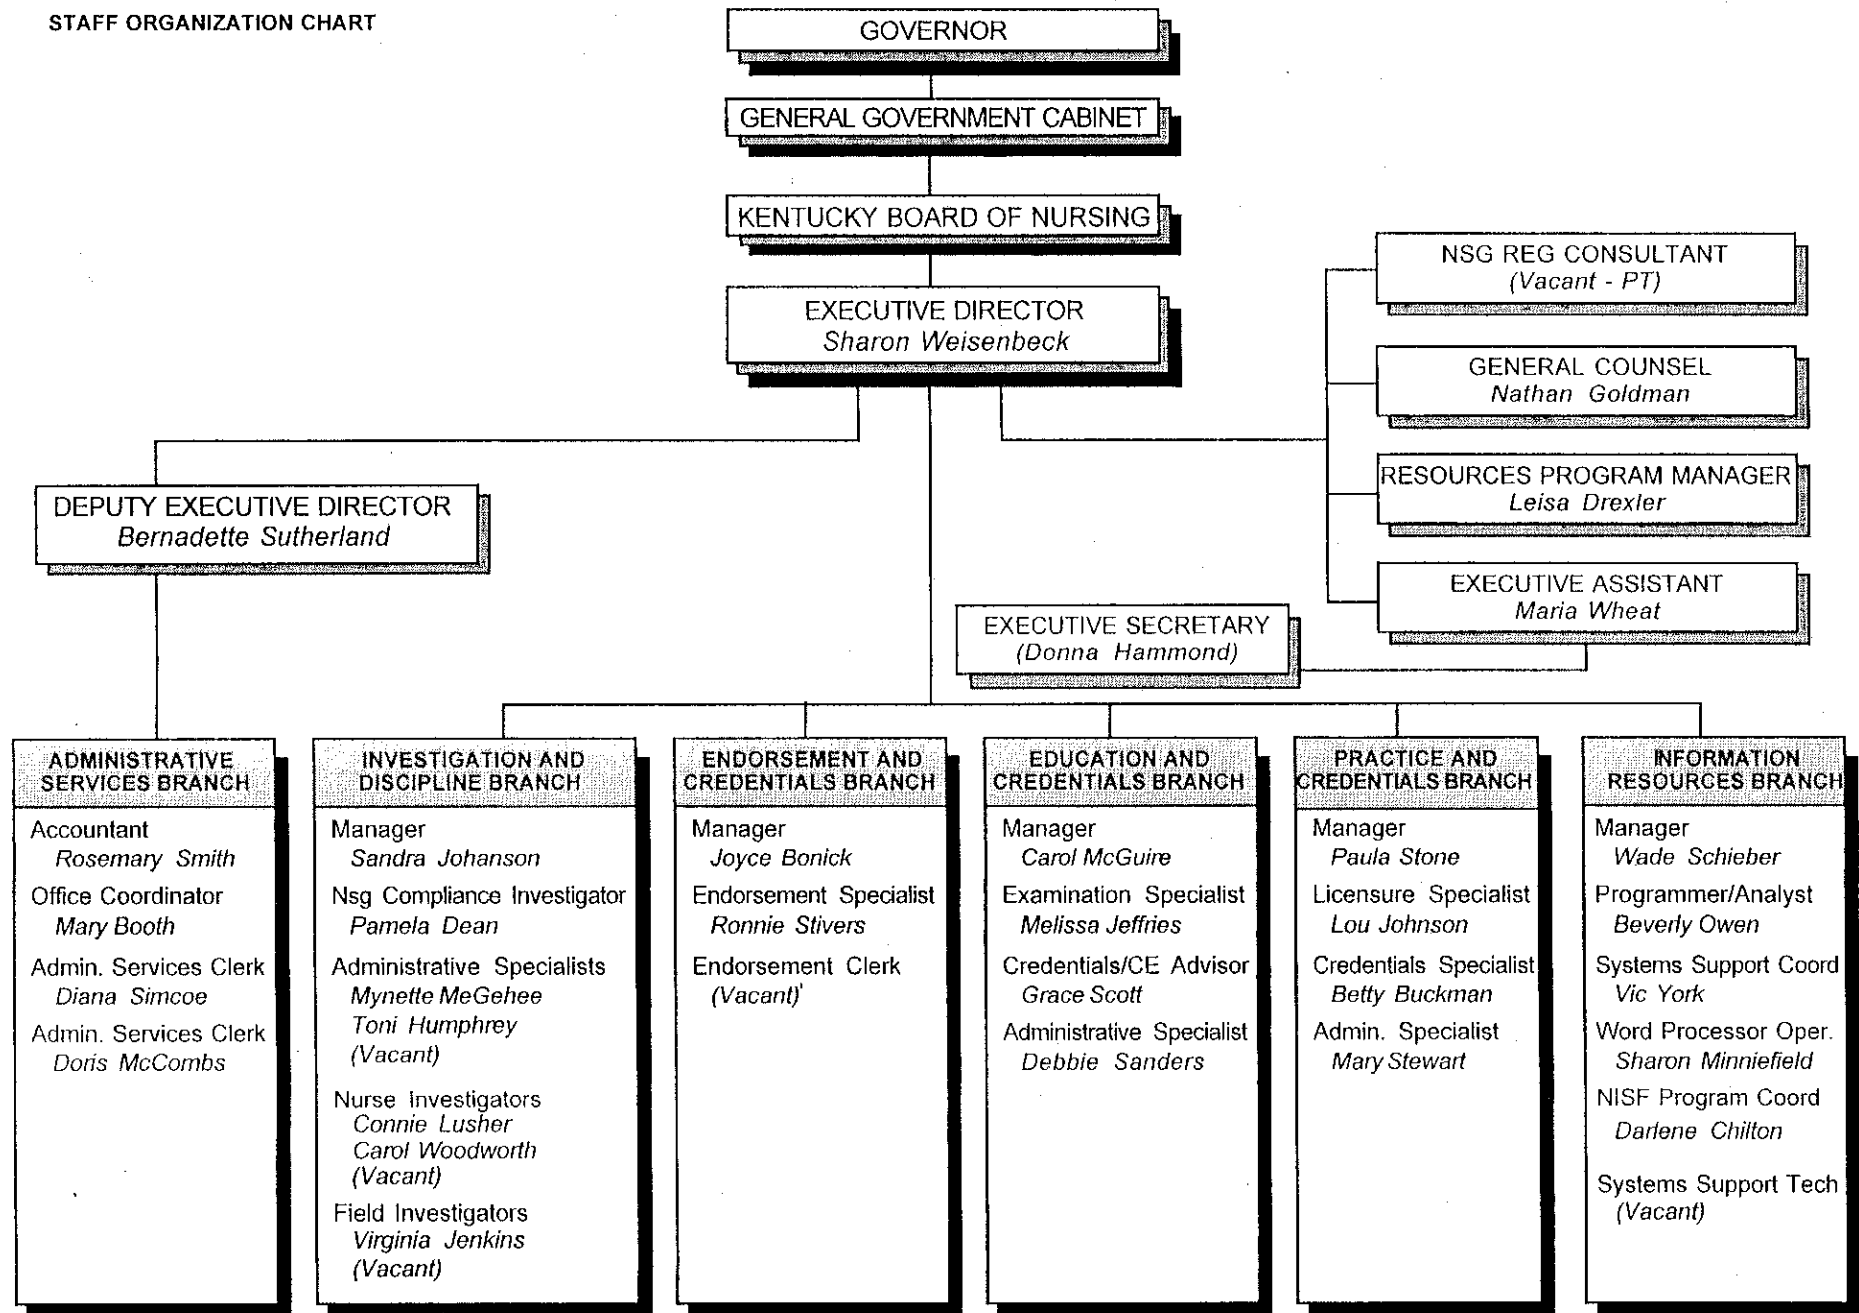

Essential components of the regulation of prelicensure nursing education include sufficient, qualified faculty and appropriate program curricula and clinical practice laboratories. The curricula should reflect the activities, functions, duties, and responsibilities of the practicing nurse. The clinical practice laboratories should allow prelicensure students opportunities to both generate new knowledge and demonstrate their practice abilities.

As the standards governing nursing practice, continuing education, and prelicensure education are established through the legislative process, the Board has a responsibility to maintain ongoing communication with the legislative branch of government. Concurrently, the complex and dynamic changes occurring in the health care delivery system require that effective communication be maintained with licensees and with local, state and national nursing organizations, health care providers and agencies, governmental units, and nursing education programs.

In summary, the Kentucky Board of Nursing believes that the protection of the public can best be accomplished through ensuring the competency of licensees who provide nursing care, and by establishing standards that allow for the fullest development of nursing practice, commensurate with its potential social contribution.

STAFF ORGANIZATION CHART

Highlights of Board Activities

This Annual Report provides a synopsis of the various activities conducted by this agency to fulfill its charge to regulate the practice of nursing in order to protect and safeguard the health and safety of the citizens of the Commonwealth of Kentucky [Reference: KRS 314.021(1)].

Highlights of this years' activities are listed below.

- ◆ Directed that work groups be established to address competency issues and strategic planning matters.
- ◆ Convened a task force to consider the regulatory implications of non-nurse midwifery certification by the American College of Nurse Midwives Certification Council, upon registration of nurse midwives as advanced registered nurse practitioners.
- ◆ Convened a task force to discuss lay midwifery issues.
- ◆ Credentialed 11 Sexual Assault Nurse Examiners.
- ◆ Adopted a resolution honoring Sharon M. Weisenbeck, Executive Director, Kentucky Board of Nursing, for her 18 years of service to the Commonwealth.
- ◆ Began disciplinary option to stay a suspension in Agreed Orders and Decisions.
- ◆ Directed general counsel to initiate action to have KBN declared a law enforcement agency for access to criminal records as needed.
- ◆ Continued to address continuing competency issues and approved revisions to working document "Accountability and Responsibility of Licensees to Assure Nursing Competence."
- ◆ Continued to provide nurse administrators educational programs presented by the Board members and staff.
- ◆ Continued work process improvement activities to increase efficiency and utilization of enhanced computerization and imaging technology.
- ◆ Added an 800 number with two additional telephone lines.
- ◆ During its 1998 session, the General Assembly enacted several revisions to the *Kentucky Nursing Laws*, as follows:

Senate Bill 28: Amended *KRS 314.011* to include physician assistants in the list of health care providers that can prescribe the administration of medication and treatment to be performed by registered nurses and licensed practical nurses.

House Bill 285: Amended *KRS Chapter 314* relating to emergency medical services.

House Bill 864: Amended *KRS 314.142* relating to the Sexual Assault Nurse Examiner.

Board Activities

OVERVIEW

All meetings of the Board and its committees and councils were held in open session as required by the open meetings law.

The commitment of the members of the Board and the dedication of its staff continued in unabated fashion. Appreciation for this service by Board staff and members was expressed through the recognition programs of the agency and executive branch of state government.

Retiring Board members Marcia Stanhope, RN; Sr. Margaret Ann Seasily, LPN; Nancy Kloha, ARNP; and Phyllis Morris, RN, were honored and thanked for their substantial contributions to the Board.

Bernadette Sutherland, Deputy Executive Director, was recognized for 15 years of service with the Board. Connie Lusher, Nurse Investigator, was recognized for 10 years of service. The following staff were recipients of the Employee Excellence Award: Mary Stewart, Education/Practice Secretary, and Toni Humphrey, Investigation and Discipline Assistant.

Kentucky Administrative Regulations

Continuing Education

As a mechanism to promote continuing competency, the *Kentucky Nursing Laws* (KRS 314.073) mandate that licensees earn a minimum of 30 hours of approved nursing continuing education, including at least two hours of Kentucky Cabinet for Human Resources (CHR) approved AIDS education (KRS 214.610). In addition, advanced registered nurse practitioners must earn five contact hours in pharmacology as part of their 30-hour requirement. The Kentucky Board of Nursing (KBN) is the Commonwealth agency legally authorized to approve providers of mandatory continuing education (CE).

In 1996, the Kentucky General Assembly mandated that all nurses with active licensure status on July 15, 1996 must earn three hours of KBN approved

domestic violence CE before July 1, 1999. This is a one-time earning requirement. Any nurse licensed after July 15, 1996 has three years from the date of initial licensure to earn the one-time three hours of domestic violence CE. Compliance monitoring will include random audits following 1999 license renewals.

The post-renewal audit process is used to verify earning of the required 30 contact hours including the two hours of CHR approved AIDS education. The random audit requires that those persons selected show

documented evidence (certificate of attendance, transcript, grade report, etc.) of approved contact hour earning during the applicable licensure period. Of those licensees randomly selected for the audit process, 99% demonstrated compliance with the CE requirements. Those not complying were referred for disciplinary action.

Financial Report

FY 97-98: TOTAL OPERATING FUND = \$3,994,282

The Kentucky Board of Nursing is a fee supported agency. No general revenue tax dollars are expended by the agency. The operating fund for FY 97-98 was \$3,994,282 with expenditures totaling \$2,560,420. Due to biennial licensure of nurses, funds from the balance are carried forward to meet the FY 99 budget needs.

Various Board of Nursing publications and informational material were offered for a nominal fee that covered duplicating costs. Some of the publications available for purchase were the KBN History, *Kentucky Nursing Laws*, KBN Administrative Regulations, KBN Advisory Opinion Statements, and Disciplinary Process and Procedures for Nursing Licensure. A free brochure on continuing education was also available.

Nursing Practice

The Board interprets the legal scope of nursing practice according to the *Kentucky Nursing Laws* and Board of Nursing administrative regulations in the determination of safe and effective nursing care for the citizens of the Commonwealth. In response to inquiries requesting interpretation of the legal scope of nursing practice, the Board has published formal advisory opinion statements as guidelines for safe practice (see the chart below), as well as issuing other opinions on nursing practice matters.

During FY 97-98, the Board addressed the following inquiries regarding nursing practice: Performance of electrical stimulation for wound care management; responsibility and accountability of licensed nurses functioning in unlicensed assistive personnel roles; performance of episiotomies by RNs; use of "ready to mix" intravenous infusion systems by LPNs; and performance of foot care by nurses.

Nursing Incentive Scholarship Fund

The Nursing Incentive Scholarship Fund (NISF) provides scholarships to Kentucky residents for attending approved prelicensure nursing programs (registered nurse or practical nurse) or graduate nursing programs. Scholarship recipients must work as nurses in Kentucky for one year for each academic year funded. To be eligible for consideration, an applicant must have been admitted to a nursing program.

Students in prelicensure and BSN completion nursing programs must complete a minimum of eight (8) credit hours per semester of published requirements for the nursing program, and maintain a minimum grade point average which will allow continuation in the nursing program. For graduate nursing programs, students must complete a minimum of six (6) credit hours per semester of published requirements for the nursing program, and maintain a grade point average which will allow continuation in the graduate program.

NCLEX Pass Rates

With the April 1994 implementation of computer adaptive technology, eligible licensure candidates schedule the NCLEX examination at a time of personal preference, within one year of being declared eligible to test by the Board.

Since NCLEX testing is on a demand basis, the reporting of pass rates for first-time candidates by programs of nursing is based upon the numbers of graduates from a program of nursing during a fiscal year (i.e., July 1 through June 30) who test prior to December 31 of the subsequent fiscal year.

Prelicensure Programs of Nursing

The Kentucky Board of Nursing is the legally authorized body in the Commonwealth to approve programs of nursing preparing persons for eligibility for licensure as nurses. Through the provisions of the *Kentucky Nursing Laws* (KRS 314.011, 314.031, 314.111 and 314.131) and applicable *Kentucky Administrative Regulations* (201 KAR 20:250-360), the Board prescribes standards for educational institutions offering programs preparing candidates for licensure as nurses. All programs of nursing listed on the three previous pages have full approval status **except** for the following programs which have initial or conditional approval status, as noted below:

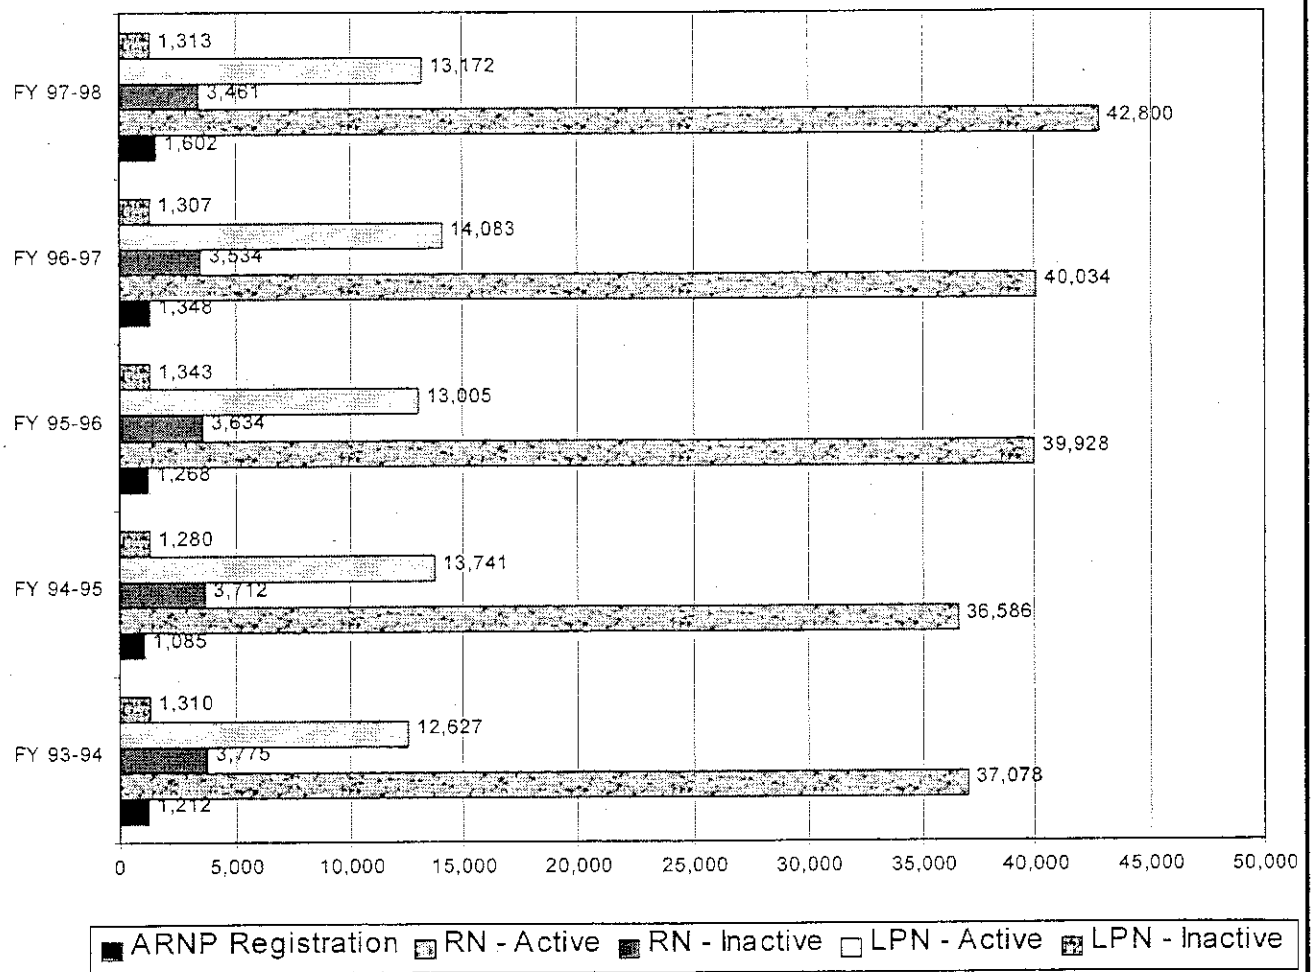

Initial Approval Status:

Associate Degree Nursing Program, St. Catharine College, St. Catharine

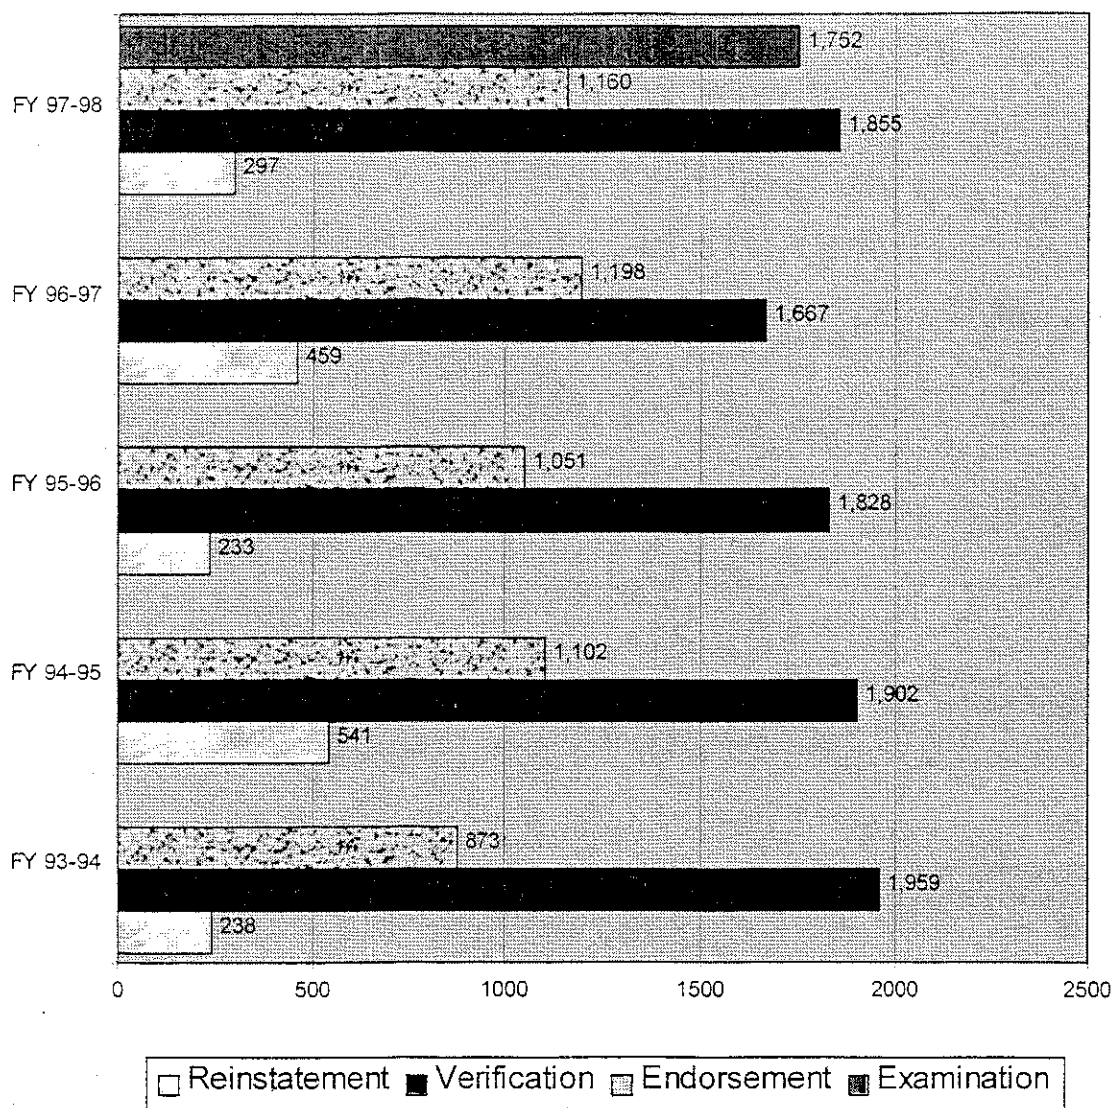

Conditional Approval Status:

Associate Degree Nursing Program, Madisonville Community College, Madisonville
 Associate Degree Nursing Program, Lees College Extension, Hazard Community College, Jackson
 Practical Nursing Program, The Health Institute of Louisville, Louisville
