FAQ

What documentation do I need to submit if I report a conviction, disciplinary action or pending investigation on my professional license/credential, or admittance to an alternative to discipline monitoring program?

- You are strongly encouraged to apply for renewal of your license early to allow adequate time for review and processing, if you are reporting any of the above occurrences, so that your license does not lapse.
- You must submit the documentation as listed below by close of business on or before October 29th to prevent expiration of your license. If your license is not renewed due to your failure to submit the required documentation, you will have to reinstate your license. You will not be able to work as a nurse using your Kentucky license until the reinstatement process has been completed. The reinstatement process may take 2-3 months, if you allow your license to lapse. Any instance of working on a lapsed nursing license, even if a reinstatement application has been filed, is a violation of KRS Chapter 314 and may subject you to disciplinary action.

Misdemeanor and/or Felony conviction(s), including Driving Under the Influence (DUI) convictions:

- A letter of explanation that describes, in your own words, the decisions, circumstances, and events that led to each conviction.
- An official, certified or attested copy of the court record showing the final disposition for each conviction. You should contact the clerk's office where each conviction was disposed and request a certified or attested copy of the court record/case history. Per KRS Chapter 314.011(21). a conviction is defined as an unvacated adjudication of guilt; pleading no contest or nolo contendere or entering an Alford Plea; or entering a guilty plea pursuant to a pretrial diversion order, regardless of whether the penalty is rebated, suspended, or probated.
- An official, certified or attested, copy of the citation or complaint that initiated each conviction and certified or attested copy of each indictment, if applicable. You should contact the clerk's office where each conviction was disposed and request a certified or attested copy of the citation/complaint and indictment, if applicable.
- Verification of the status of your compliance with the court-ordered terms for each conviction. If you were required to pay a fine, you should submit proof of paying the fine or having made a payment toward the amount owed. If you were required to attend a class, treatment, etc., you should submit proof of having completed the required class, treatment, etc., or proof of having scheduled the required class, treatment, etc. If you are currently on probation, parole, or diversion, verification of your compliance with probation/parole/diversion, whether supervised or unsupervised, verification of your compliance from the Probation and Parole office is required.

Disciplinary Action(s):

- A letter of explanation that describes, in your own words, the decisions, circumstances, and events that led to each disciplinary action.
- A certified copy of each disciplinary order. The document(s) should be certified by the regulatory agency responsible for the issuance of the discipline.
- Verification of the status of your compliance with the terms of each disciplinary action. For each disciplinary action where you have successfully completed the requirements, you should submit a certified copy of the notification that you received indicating that you completed the requirements of the disciplinary action. If the terms and conditions of the disciplinary order have not yet completed, you should submit an official certified statement from the regulatory agency that issued the discipline or that is monitoring your compliance with the terms of the discipline regarding the status of your compliance. Alternately, each regulatory agency that issued the disciplinary action or that is monitoring your compliance with the disciplinary action may submit a statement regarding your compliance directly to Board staff by email to KBNDisciplineAlert@ky.gov. If there were no requirements in the disciplinary order, you should contact the regulatory agency that issued the discipline and request verification that you have no requirements for the disciplinary action.

The documentation should be certified or attested by the investigating agency and include the allegations being investigated.
