

**Kentucky Board of Nursing Approved Continuing Education Providers  
Alzheimer's Disease and Other Forms of Dementia**

The KBN does not require or recommend the completion of continuing education (CE) through a particular provider. Nurses may complete CE through any provider approved by the KBN, another state board of nursing, or one of the national nursing organizations listed in 201 KAR 20:220 <https://apps.legislature.ky.gov/law/kar/titles/201/020/220/>.

Each nurse must complete CE that meets their own CE requirements. 201 KAR 20:215 <https://apps.legislature.ky.gov/law/kar/titles/201/020/215/>
