LPN/RN Renewal Instructions

THE 2024 KENTUCKY NURSE LICENSE RENEWAL PERIOD IS SEPTEMBER 15 THROUGH MIDNIGHT OCTOBER 31, 2024 (EDT). YOU ARE ENCOURAGED TO RENEW EARLY IN THE RENEWAL PERIOD!

Beginning midnight, EDT, September 15, 2024, you may access the online renewal application through your KBN Nurse Portal account to renew your Kentucky RN or LPN license.

You will follow these steps to submit your 2024 renewal:

- Log into your [Nurse Portal](#) account.
 - Under 'Your Licenses with Kentucky' there will be a link 'Apply for Renewal' located next to your license/credential.
 - The link will not appear until September 15, 2024, and will be available until October 31, 2024.
 - Once you select the link it will open the 2024 renewal application.
- **NOTE:** If you have forgot your password to your nurse portal account, you may reset the password by:
 - Selecting 'Forgot your password?' on the Nurse Portal log in screen.
 - Enter your email address.
 - Select 'Submit'.
 - A link will be emailed to you to reset your password.

Workforce questions are included in the renewal application due to action taken by the Board and approved by the General Assembly in 2022. These questions are included to create a reliable workforce projection model for policymaking by the Board and legislators. The workforce information will be used for statistical purposes only, and personal information is not subject to Kentucky open records laws.

You will not be able to complete the renewal application process unless you respond to all of the workforce questions. **Please note that clicking the 'Make Payment' button on the online application form does not immediately renew your license.** Renewal processing and approval times are dependent on the information provided by the applicant.

You will receive a confirmation message in your nurse portal once your renewal has been processed. You may validate the license within the KBN Nurse Portal, as well as through the License Verification Portal: <https://kybn.boardsfnursing.org/licenselookup>

If your license has not been renewed before midnight, EDT, October 31, your license will lapse. Working on a lapsed license is a violation of Kentucky Nursing Law.

If you answered “yes” to the discipline, criminal, and/or the APRN national certification revocation questions, your license will not be renewed until KBN receives and reviews the required documents.

Licensees are required to maintain a current mailing and email address with KBN per KRS 314.107.

Continuing education contact hours must be earned during the period of November 1, 2023 – October 31, 2024. However, you do not have to complete the contact hours before submitting the renewal and paying the renewal fee for your license.

What documentation do I need to submit if I report a conviction, disciplinary action or pending investigation on my professional license/credential, or admittance to an alternative to discipline monitoring program?

- You are strongly encouraged to apply for renewal of your license early to allow adequate time for review and processing, if you are reporting any of the above occurrences, so that your license does not lapse.
- You must submit the documentation as listed below by close of business on or before October 29th to prevent expiration of your license. If your license is not renewed due to your failure to submit the required documentation, you will have to reinstate your license. You will not be able to work as a nurse using your Kentucky license until the reinstatement process has been completed. The reinstatement process may take 2-3 months, if you allow your license to lapse. Any instance of working on a lapsed nursing license, even if a reinstatement application has been filed, is a violation of KRS Chapter 314 and may subject you to disciplinary action.
