## Continuing Education

As a mechanism to promote continuing competency, the *Kentucky Nursing Laws* (KRS 314.073) mandate that licensees earn a minimum of 30 hours of approved nursing continuing education (CE), including at least 2 hours of Kentucky Cabinet for Health Services (CHS) approved AIDS education (KRS 214.610). The Kentucky Board of Nursing (KBN) is the Commonwealth agency legally authorized to approve providers of mandatory CE.

All nurses with active licensure status on July 15, 1996 were required to earn 3 hours of KBN approved domestic violence CE before July 1, 1999. This is a one-time earning requirement. Any nurse licensed after July 15, 1996 has 3 years from the date of initial licensure to earn the one-time 3 hours of domestic violence CE. In addition, ARNPs must earn 5 contact hours in pharmacology as

part of their 30-hour requirement, while licensees credentialed as a Sexual Assault Nurse Examiner (SANE) are required to earn at least 5 contact hours related to the role of the SANE nurse (forensic nursing and domestic violence CE will meet this requirement).

The post-renewal audit process is used to verify earning of the required 30 contact hours, including the 2 hours of CHS approved AIDS education. The random audit requires that those persons selected show documented evidence (certificate

of attendance, transcript, grade report, etc.) of approved contact hour earning during the applicable licensure period. Of those licensees randomly selected for the recent LPN audit process, 67 percent demonstrated compliance with the CE requirements. Those not complying were referred for disciplinary action.

The *Kentucky Nursing Laws* provide that the Board of Nursing may "deny, limit, revoke, probate or suspend any license to practice nursing issued by the Board or applied for . . . or to otherwise discipline a licensee or to deny admission to the licensure examination, or to require evidence of evaluation and therapy . . . ."

The Board continues its efforts to make the public aware of the investigatory and disciplinary procedures and to emphasize the legal requirement to, and importance of, reporting nurses who are suspected of engaging in unsafe or illegal practices.

## Nursing Practice

The Board interprets the legal scope of nursing practice according to the *Kentucky Nursing Laws* and Board of Nursing administrative regulations in the determination of safe and effective nursing care for the citizens of the Commonwealth. In response to inquiries requesting interpretation of the legal scope of nursing practice, the Board has published formal advisory opinion statements as guidelines for safe practice (see the chart below), as well as issuing other opinions on nursing practice matters.

During FY 99-00, the Board addressed the following inquiries regarding nursing practice: Administration of Brevital for conscious sedation by RNs; performance of hair insertion by RNs; application of topical adhesives for wound closure by nurses; and utilization of the colposcope in the performance of forensic examination by RNs. The Board directed that a task force be convened to study the role of nurses in the delegation of nursing acts to unlicensed assistive personnel in dialysis.

## Nursing Incentive Scholarship Fund

The Nursing Incentive Scholarship Fund (NISF) provides scholarships to Kentucky residents for attending approved prelicensure nursing programs (registered nurse or practical nurse) or graduate nursing programs. Scholarship recipients must work as nurses in Kentucky for one year for each academic year funded. To be eligible for consideration, an applicant must have been admitted to a nursing program.

Students in prelicensure and BSN completion nursing programs must complete a minimum of eight (8) credit hours per semester of published requirements for the nursing program, and maintain a minimum grade point average which will allow continuation in the nursing program. For graduate nursing programs, students must complete a minimum of six (6) credit hours per semester of published requirements for the nursing program, and maintain a grade point average which will allow continuation in the graduate program.

## Nursing Education

### PROGRAMS OF NURSING

The Kentucky Board of Nursing is the legally authorized body in the Commonwealth to approve programs of nursing preparing persons for eligibility for licensure as nurses. Through the provisions of the *Kentucky Nursing Laws* and applicable Kentucky administrative regulations, the Board prescribes standards for educational institutions offering programs preparing candidates for licensure as nurses. As of June 30, 2000, there was a total of 10 baccalaureate nursing (BSN) programs, 23 associate degree (ADN) programs, and 17 practical nursing (PN) programs approved by the KBN. All of the nursing programs have full or continued approval status, except those that have conditional approval status, as follows: BSN Program, Thomas More College, Crestview Hills; ADN Programs, Kentucky State University, Frankfort; Madisonville Community College, Madisonville; St. Catharine College, St. Catharine; and PN Programs, Ashland Technical College, Ashland; and Spencerian College, Louisville.

### NCLEX PASS RATES
