# REGULATION OF NURSES, AND NURSING EDUCATION AND PRACTICE

# HIGHLIGHTS OF BOARD ACTIVITIES: FY 15-16

## Significant Statutory Changes

There were no changes to KRS Chapter 314 in 2016. One bill passed that affected APRNs: SB 114. It amends six different statutes to give APRNs the authority to fulfill certain functions:

- KRS 15.382 – allows an APRN to conduct a medical examination of certain law enforcement officers for certification;
- KRS 72.465 – allows a coroner to rely on an APRN's knowledge of the cause of death of a person, if it is under natural circumstances, and may authorize the APRN to sign the death certificate;
- KRS 186.411 – allows an APRN to certify that a person with a seizure condition may obtain a driver's license;
- KRS 189.125 – allows an APRN to issue a written statement concerning a person who the APRN has determined is unable, for medical or physical reasons, to wear a seat belt;
- KRS 213.076 – allows an APRN to sign a certificate of death or provisional certificate of death and provides certain responsibilities of the APRN in those cases, and
- KRS 387.540 – includes an APRN as one of the three individuals needed on a report that must be filed concerning a petition for a determination of partial disability or disability and the appointment of a guardian.

These Laws can be viewed on the LRC web site.

## Significant Kentucky Administrative Regulation Changes

In 2016, KBN promulgated significant changes to the administrative regulations governing prelicensure programs of nursing, 201 KAR 20:260-360. Those changes include new provisions for programs with multiple campuses, what happens when a program suspends enrollment, and the use of simulation for clinical experience. There will no longer be different levels of approval status for programs once they are established. They will either be approved or not. The first time NCLEX pass rate will no longer be used as a standard, but will be one of several benchmarks that will be monitored. The other benchmarks include faculty turnover rate, program administrator turnover rate, graduation rate, and faculty and student grievances filed. Changes in the benchmarks could trigger a site visit.

Also in 2016, 201 KAR 20:057 on APRN standards for prescribing was amended to clarify House Bill 1 changes. Finally, a new administrative regulation on telehealth, 201 KAR 20:520, was created. Among other things, this regulation makes clear that a nurse must be licensed in Kentucky if he/she is interacting with a patient/client in Kentucky.

## Enhanced Nurse Licensure Compact

The Board directed that staff should seek sponsorship to introduce the new Enhanced Nurse Licensure Compact in the 2016 regular session of the General Assembly. The bill passed in the House, but did not pass the Senate. The Board plans to seek legislation in 2017.

## Advisory Opinion Statements

The Board periodically issues new and/or reviews/revises /retires Advisory Opinion Statements. A list of the Opinion Statements, along with the applicable dates of action is included in the Nursing Practice Section of this report.

## Specific Practice Opinions Regarding the Scope of Practice

The Board directed that the following actions on specific practice opinions be approved:

- Revised an 1989 specific opinion on the roles of nurses in the recommendation and administration of over the counter (OTC) Medications.
- Rescinded the 2009 advisory opinion and issued a new opinion on the scope of registered nursing practice in the performance of Medical Screening Exams (MSE) under the Emergency Medical Treatment and Labor Act (EMTALA).
- Rescinded the 2003 advisory opinion and issued a new opinion on the scope of registered nursing practice in the performance of therapeutic phlebotomy.

## Work Group Established - Practice

The Board approved the establishment of a work group to consider revisions to 201 KAR 20:490 LPN IV Therapy Scope of Practice.

# FINANCIAL OPERATIONS

The Kentucky Board of Nursing (KBN) is a 100% fee supported agency utilizing no General Fund revenues. The bulk of the revenues realized by KBN are the result of licensing fees which are assessed annually. A fee structure breakdown is listed to the right of this narrative. Fiscal year 2015-2016 receipts totaled \$7,306,355 with outgoing expenditures totaling \$6,048,692 which served to support statewide functions as detailed in this report.

The Kentucky Board of Nursing offers various publications and informational materials online and in publication format ranging from no cost to the public to the recovery of duplication and/or distribution charges. The KBN distributed \$444,000 in grant monies to promote the continued growth of the Nursing industry in Kentucky and its historically underserved areas. The balance of receipts remaining after expenditures are utilized to carry the agency through the first quarter of the following year until the licensure renewal process produces additional funds.

The *Kentucky Nursing Laws* provide that KBN may "deny, limit, revoke, probate or suspend any license to practice nursing issued by the Board or applied for . . . or to otherwise discipline a licensee or to deny admission to the licensure examination, or to require evidence of evaluation and therapy . . ."

KBN continues its efforts to make the public aware of the investigatory and disciplinary procedures and to emphasize the legal requirement to, and importance of, reporting nurses who are suspected of engaging in unsafe or illegal practices.

# COMPLIANCE – PROBATION & KARE PROGRAM

The Compliance Section of the Consumer Protection Branch monitors nursing licensees that have been placed on probation by a Decision of the Kentucky Board of Nursing or have signed an Agreed Order with the Board, as well as participants who have requested admission and are being monitored by the Kentucky Alternative Recovery Effort (KARE) for Nurses Program.

The purpose of the KARE for Nurses Program is to protect and safeguard the health of the citizens of the Commonwealth by monitoring nurses whose abilities to provide nursing care are compromised by a substance use disorder. The foundation of the KARE for Nurses Program is that substance use disorders are treatable and that the nurse’s recovery and return to competent nursing practice is in the best interest of both the nurse and public health.

## KARE PROGRAM ADMISSIONS: FY 09-10 TO 15-16

## KARE PROGRAM COMPLETIONS, SURRENDERS, & TERMINATIONS: FY 09-10 TO 15-16

As of June 30th 2016, the Compliance Section was monitoring 224 participants in the KARE program and 150 nurses with Agreed Orders or a Decision entered by the Board.

# NURSING PRACTICE

KBN interprets the legal scope of nursing practice according to the Kentucky Nursing Laws and KBN administrative regulations in the determination of safe and effective nursing care for the citizens of the Commonwealth. In response to inquiries requesting interpretation of the legal scope of nursing practice, KBN has published formal advisory opinion statements as guidelines for safe practice (see the list below), as well as issuing other opinions on specific nursing practice matters. Advisory Opinion Statements are available on the KBN website (<http://kbn.ky.gov/practice/Pages/aos.aspx>).

During FY 16, the Board issued individual nursing practice advisory opinions as reported previously.

## NURSING INCENTIVE SCHOLARSHIP FUND

The Nursing Incentive Scholarship Fund (NISF) provides scholarships to Kentucky residents for attending approved prelicensure nursing programs (registered nurse or practical nurse) or graduate nursing programs. Scholarship recipients must work as nurses in Kentucky for one year for each academic year funded. To be eligible for consideration, an applicant must have been admitted to a nursing program. Applications for scholarships are accepted from January 1 to June 1. The amount of each scholarship is \$3,000 per year, or \$1,500 per semester. If a recipient does not complete the nursing program within the time frame specified by the program, or if the recipient does not complete the required employment, then the recipient is required to repay any NISF monies awarded, plus accrued interest.

# NURSING EDUCATION

The Kentucky Board of Nursing (KBN) is the legally authorized body in the Commonwealth to approve programs of nursing preparing persons for eligibility for licensure as nurses. Through the provisions of the Kentucky Nursing Laws and applicable Kentucky Administrative Regulations, the Board prescribes standards for educational institutions offering programs preparing candidates for licensure as nurses. As of June 30, 2016, there were a total of 15 Baccalaureate Nursing (BSN) programs, 40 Associate Degree (ADN) programs, and 30 Practical Nursing (PN) programs approved by the KBN. For 2015, the national pass rate average for first-time testers for the NCLEX-RN was 85 percent and Kentucky's NCLEX-RN 2016 average was 88 percent. The 2015 NCLEX-PN national pass rate average for first-time testers was 82 percent and Kentucky's 2015 NCLEX-PN pass rate average was 90 percent. The 2016 NCLEX pass rates are not available until February 2017.

# CONTINUING EDUCATION/COMPETENCY

As a mechanism to promote continuing competency, the *Kentucky Nursing Laws* (KRS 314.073) mandate that licensees shall be required to document continuing competency during the immediate past licensure period as prescribed in regulations promulgated by the Board. KBN is the Commonwealth agency legally authorized to approve providers of mandatory CE. During FY 16, according to KBN Administrative Regulation 201 KAR 20:215, validation of CE/competency must have included one of the following:

1. Proof of having earned 14 approved contact hours; **OR**
2. A national certification or recertification related to the nurse's practice role (in effect during the whole period or initially earned during the period); **OR**
3. Completion of a nursing research project as principal investigator, coinvestigator, or project director. Must have been qualitative or quantitative in nature, utilized research methodology, and included a summary of the findings; **OR**
4. Publication of a nursing related article; **OR**
5. A professional nursing continuing education presentation that was developed by the presenter, presented to nurses or other health professionals, and evidenced by a program brochure, course syllabi, or a letter from the offering provider identifying the licensee's participation as the presenter of the offering; **OR**
6. Participation as a preceptor for at least one nursing student or new employee undergoing orientation (must have been for at least 120 hours, have had a one-to-one relationship with student or employee, may have precepted more than one student during the 120 hours, and preceptorship shall have been evidenced by written documentation from the educational institution or preceptor's supervisor); **OR**
7. Proof of having earned 7 approved contact hours, **PLUS** a nursing employment evaluation that was satisfactory for continued employment (must have been signed by supervisor with the name, address, and phone number of the employer included), and covered at least 6 months of the earning period.
8. College courses, designated by a nursing course number, and courses in physical and social sciences counted toward CE hours. One semester credit hour equaled 15 contact hours; one quarter credit hour equaled 12 contact hours.
