

Alzheimer's Disease and other forms of Dementia

Offering number #0-0001-12-27-008

Course information:

The Alzheimer's Disease and other forms of Dementia course is offered online via Qualtrics for *free*. It meets the one-time content-specific CE requirements for CE in Alzheimer's disease and other forms of Dementia as required in KRS 314.073 and 201 KAR 20:215.

The target audience is RNs, LPNs, and APRNs.

Presenter Sarah Cecil, DNP, APRN, FNP-BC, PMHNP-BC, MSCN, KBN Practice Consultant

Objectives: Upon completion of this course, participants can expect to:

- Identify warning signs and symptoms of Alzheimer's disease and other forms of Dementia.
- Understand the importance of early detection and diagnosis of memory loss.
- Utilize communication techniques for discussion of memory concerns with the patient and their caregiver.
- Identify assessment tools for assessing cognition and care planning needs and billing codes.
- Discuss current treatment options for Alzheimer's dementia.

To receive 1 contact hour including 0.2 contact hours in pharmacology, the participant must:

- View the entire video presentation;
- Scoring an 80% or higher on the test; and
- Complete the evaluation.

The completion certificate will be emailed to the participant and must be maintained for 5 years in the event of a CE Audit.

The KBN and presenter have no actual or potential conflicts of interest in this course.

While KBN offers free courses, nurses are not required to take KBN courses and can take CE courses from any provider approved to offer nursing CE by the KBN, another state board of nursing, or one of the national nursing organizations listed in 201 KAR 20:220.
