### **FAQ**

What documentation do I need to submit if I report a conviction, disciplinary action or investigation on my nursing license, or admittance to an alternative to discipline monitoring program?

- If you are reporting any of the above, you are strongly encouraged to apply for renewal of your license early to allow adequate time for review and processing so that your license does not expire.

If your license is not renewed due to your failure to submit the required documentation, you will have to reinstate your license and you will not be able to work as a nurse using your Kentucky license until the reinstatement process is complete. Any instance of working on a lapsed nursing license, even if a reinstatement application has been filed, is a violation of KRS Chapter 314 and may subject you to disciplinary action.
